Symbol	Description
Black dot	2006 Station number
Black triangle	Stations
Black square	Rock sample
Black line	Trench
Black line with dots	Cave
Black line with triangles	Contact
Black line with circles	defined
Black line with squares	assumed
Black line with diamonds	interpreted
Black line with stars	2006 mapping limit
Black line with crosses	STRUCTURES
Black line with pluses	bedding
Black line with asterisks	bedding: overturned contact
Black line with hash	foliation (S1)
Black line with percent	S0/S1 lineation
Black line with ampersand	Joints
Black line with at	shear
Black line with double hash	Fault - assumed
Black line with double asterisk	veins
Black line with double percent	Dykes
Black line with double ampersand	lamprophyre
Black line with double at	syenite
Black line with double hash	lamp + ny
Black line with double asterisk	Igneous Layering
Black line with double percent	Folds
Black line with double ampersand	Lines : ACC
Black line with double at	defined
Black line with double hash	assumed
Black line with double asterisk	interpreted
Black line with double percent	Points : Type
Black line with double ampersand	anticline
Black line with double at	syncline
Black line with double hash	Outcrop
Black line with double asterisk	Area
Black line with double percent	Dyke_courtyard
Black line with double ampersand	Area
