FORWARD LOOKING STATEMENT

This presentation includes certain “forward-looking statements” within the meaning of section 21E of the United States Securities Exchange Act of 1934, as amended. Forward-looking statements include without limitation, statements regarding future production, potential mineralization and reserves, exploration results and future plans and objectives of Eagle Plains Resources Ltd (Eagle Plains). Forward-looking statements can generally be identified by the use of forward-looking terminology such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,” or “continue” or the negative thereof or variations thereon or similar terminology. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from expectations are disclosed under the heading “Risk Factors” in Eagle Plains Resources 2005 Annual Report and under the heading “Trends, Risks, and Uncertainties” in the Eagle Plains 2005 Annual Information Form (AIF) which is filed with Canadian regulators on SEDAR (www.sedar.com).

Mission Statement

Eagle Plains is committed to steadily building shareholder value by advancing our diverse portfolio of projects toward discovery utilizing collaborative partnerships and our highly experienced technical and management teams. The company's focus is to preserve our robust treasury, advance our most promising projects and continue to secure high quality, unencumbered projects through research, staking and strategic acquisitions.

Corporate Vision

Eagle Plains' primary vision is to locate ore deposits in Canada. In pursuit of this goal, the company aspires to be the "partner of choice" for junior exploration companies and major mining companies seeking to acquire quality exploration projects and access our in-house technical expertise to collaborate for discovery.
